Student Recommendation Form

Green Corps is an urban agricultural work/study program for Cleveland teens. We employ around 50 youth each year to work at one of four urban farms located in underserved communities on the east side. Teens receive a paycheck while gaining valuable knowledge from our formal curriculum, hands-on farm work, and real life experience selling their produce at farmers markets and farm stands. With positive evaluations, they can remain in the program for multiple seasons allowing them to become mentors for the younger youth, as well as be able to represent the program at special events. We do not require a certain GPA, but to be successful in this program, students must be able to come to work every day on time, work with others, accept direction and be eager to learn.

Please provide your candid input on this applicant to the best of your ability. Provide any specific details you can and use the back of the page if necessary. Thank you for your time!

Your name: _____

Preferred contact information: (phone or email) _____
